

# Achieved Community Benefits

1<sup>st</sup> Apr 2024 – 31<sup>st</sup> Mar 2025

The Procurement, Commercial and Contract Management Team (PCCMT) is committed to maximise Community Benefits from its procurement activities and to delivering wider benefits for its communities when purchasing the required goods, services and supplies for Argyll and Bute.

PCCMT are working with the Aspiring Places Team to merge the Community Benefit wish list page on the website with the Aspiring Places page, to ensure that contractors and communities have a single and clear route to requesting funding and community benefits for their specific projects.

It is anticipated that the community benefit wish list will be located on the Aspiring Places page and community groups will be able to apply to request their wish be uploaded to the page for contractors to action as a community benefit. Contractors will be given the link to the page at contract award.

We have been working closely with our suppliers to deliver additional social, economic and environmental value to our society and the table below shows the **89** Community Benefits achieved through Contract Management, Contract Awards and the Request List during the period from 1<sup>st</sup> April 2024 to 31<sup>st</sup> March 2025.
