<b>TRADING STANDARDS</b>												
Notes to Fireworks & Explosives charges												
<p>1. If you keep fireworks, shotgun cartridges, certain bird scarers or other explosive products for sale you are likely to require an explosive licence.</p> <p>2. You can generally store up to 2,000 kg of explosives with a licence issued by us, although there are some conditions relating to its storage.</p> <p>3. We will need to know the hazard type and quantity of the explosives you wish to store to determine whether your store is suitable.</p> <p>4. The quantity you will be allowed to store will depend on the hazard type of the explosives.</p> <p>5. Regulation 27 of the Explosives Regulation 2014 sets out the distances that must be maintained between a store and a building or other place. This is known as the separation distance. You will not normally be required to maintain separation distances if you store no more than: a) 250kg hazard type 4 b) 25kg hazard type 3 (or combination of hazard type 3 and hazard type 4)</p> <p>6. The most common fees for storage of fireworks for one year are set out below. Discounted rates are available for periods of 2-5 years.</p> <p>7. Prices for other types of explosive licences are available upon request.</p> <p>8. All fees for storage of explosives are set by the UK Government, and can currently be found in Schedule 7 of the Health and Safety and Nuclear (Fees) Regulations as amended by the Health and Safety and Nuclear (Fees) (Amendment) Regulations 2023. These regulations are subject to change at short notice.</p>

<b>Metrology</b>												
Notes to Metrology (Weights & Measures) Calibration Charges												
<p>1. The 2023/24 guidance is based on a chargeable rate of £103.60 per officer per hour, designed to facilitate full cost recovery for metrological activity. A charge is made per officer hour spent at the place of submission of the equipment for the purposes of examination, adjustment, testing or retesting of the equipment. It should be noted that the time taken should be quoted on the account and should not include any time spent on research or on travel to the site at which the equipment is to be tested.</p> <p>2. An additional charge of £69.10 per hour will be applied when another officer is required to provide assistance to the inspector.</p> <p>3. For any work not covered by this guidance, or which varies significantly or is carried out in exceptional circumstances, an appropriate charge may be calculated as a surcharge to the hourly rate.</p> <p>4. When a visit is made by a Trading Standards Officer to any premises for the purpose of carrying out any calibration functions, each visit may be subject to a minimum charge of £103.60 per Officer per visit regardless of the nature or amount of work requested or completed.</p> <p>5. Visits carried out partly or entirely outside of normal office hours may incur a surcharge of 50% of the standard hourly rate per Officer per hour.</p> <p>6. The guidance relates to the cost of testing single items. Inspectors should not be inhibited from departing from the quoted fee in locally determined circumstances. Discounted fees may be appropriate, for example, in the following circumstances:</p> <p>a. Where more than a single item is submitted on one occasion and particularly where large quantities are involved;</p> <p>b. Where facilities, equipment or assistance are provided by the submitter by prior arrangement;</p> <p>7. When supplying specialist equipment (including but not limited to weighbridge test unit, van and test weights, etc) an additional fee may be charged hourly, daily or per appointment, according to circumstance.</p>

<b>1a - Any ship of a gross tonnage less than 15 tonnes or used for recreation or pleasure - charge is subject to 20% VAT</b>												4. Rothesay and Campbeltown Pontoon are not managed by Argyll and Bute and are subject to their own charges.  5. The above rates and dues include for Port Waste Facilities to the level required by local and leisure craft. Any requirements for additional waste facilities or specialised waste disposal, in terms of the Merchant Shipping & Fishing Vessels (Port Waste Reception Facilities) Regulations 2003, must be made to the Service Director at least 24 hours in advance. This cost shall be paid prior to the provision of the service.  6. Concession rates for unlimited use will be available only for vessels "regularly sailing". Additional dues will be required for vessels, which have made payment for unlimited use but are not "regularly sailing". A vessel will be deemed to be "regularly sailing" if it leaves the installation for a continuous period of not less than 6 hours between 0600 hours and 2000 hours in any one day for more than 14 days.  7. Periods are: Summer period April to September inclusive, or part thereof. Winter period October to March inclusive, or part thereof.  8. All concession rates for unlimited use must be paid for in advance of the period for which they cover. Failure to do so will result in full rates being applied.  9. Commercial rates at Campbeltown Harbour (non-ferry) determined against market rates as a comparator against similar ports and recharged to shipping companies, as is standard practice in the global shipping market.  10. VAT Zero Rating only applies where the vessels are "qualifying ships". A "qualifying ship" is legally defined as any ship of a gross tonnage of not less than 15 tonnes and neither designed nor adapted for use for recreation or pleasure. The customer is a business customer who belongs outside the UK (it does not matter what size the vessel is).
