

Notice to Mariners 13/2015

Date of issue 23/09/15

Rothesay - Fish Quay

This Notice is issued as an update to Notice 12/2015 issued 3rd September 2015

Due to an unforeseen operational requirement the diving contractor engaged by the Council has advised that they will be unable to commence work at Rothesay until Friday 25th September 2015.

The following restrictions confirmed by Notice to Mariners 12/2015 remain in force:

1. Due to the reduction in the available depth of water at Low Water any vessel wishing to lie at this berth over the Low Water period is restricted to a draught of not more than 1.5 metres.
2. Due to the current harbour bed obstructions the NAABSA designation is cancelled pending removal of the obstructions and a further inspection. A diving contractor has been engaged and will be on site in the week beginning 21st September 2015.
3. A further Notice to Mariners will be issued in due course to provide updated information.
